END SHORTAGE OF SUGAR SOON CROCCERS HOPE

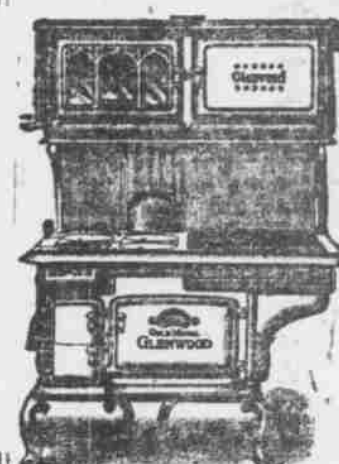

Grinding of Colorado Beet Crop Has Started and Relief May be Felt Very Soon.

The sugar shortage should cease by the middle of October, or the first of November, in the opinion of a number of local grocers. The grinding of the Colorado sugar beet crop began Monday and the first product was ready for distribution 24 hours later.

On the general sugar situation a review in the Journal of Commerce and Commercial Bulletin, authoritative New York paper on such subjects, says:

"There seems to be little fear of a genuine sugar famine in this country, as Louisiana and the beet sugar crops become available at a time when supplies from other sources have about petered out. Supplies of old crop Cuban and domestic sugar are far short of actual requirements during the remainder of the year, and in order to fill out this demand, Louisiana and beet sugars will be drawn upon which will take care of domestic requirements until the arrival of new crop Cuban and other sugars. The bulk of the year-end shortage will have to come from the beet crop, for Louisiana's cane crop is a short one, and it is believed that not more than 100,000 tons can be counted on from this source. A man high in official sugar sources stated yesterday that the refined sugar situation was generally improving; that sugar was now reaching some sections where there had been no supplies to speak of for several weeks and that other sections where consumers have been clamoring for sugar would be relieved in a short time."

Famous Actress Tells How She Uses Derwillo To Beautify Her Complexion

MISS ETHEL CLAYTON.

New York—Miss Ethel Clayton, the clever young actress now successfully starring under the Paramount banner, is famous for her beautiful complexion. When her friends inquired about it she said: "It's all due to a toilet preparation called Derwillo which I use twice daily. The experience I have had prompts me to make my secret public. This wonderful Derwillo instantly beautifies my skin and its continued use has made the results permanent." When Miss Clayton, the well known beauty specialist, was interviewed in reference to Miss Clayton's remarkable complexion, stated: "Anyone can have a beautiful complexion when they know how. It's a very simple process. I use the same article in my work, and until you try it you have no idea of the marvelous results. The very first application will astonish you. Go to the nearest counter of any drug or department store and get a bottle of Derwillo, then make the following test: Examine your skin critically before your mirror, note carefully its appearance, then apply Derwillo as directed. After you have made the first application look in your mirror again and note the surprising change. A peach-like color mounts the cheeks; a baby softness comes to the skin; it makes the skin rosy-white, velvety and radiantly beautiful. It is wonderful for a dark, sallow skin, shiny nose, freckles, tan, dry skin, skin spots, coarse pores, pimples, blackheads, chapped, rough skin, redness, nose, wrinkles and many other facial blemishes. Derwillo's method is absolutely harmless and will produce or eliminate a growth of hair. It is superior to face powder, as perspiration does not affect it, therefore it stays on better. Those ladies who have used it have had the same results as Miss Clayton, and I am sure if you will give it a fair trial, you will become just as enthusiastic as I am and always use it in preference to any other powder or beautifier."

NOTE—When asked about Derwillo one of our leading druggists said: "It is truly a wonderful beautifier, way ahead of anything we have ever sold before. We are authorized by the manufacturer to refund the money to anyone who is dissatisfied and we would not permit the use of our name unless the product possessed unusual merit." It is sold in this city by the day at Iron-clad stores and up-to-date drug stores, including J. A. Denton and A. J. Reiss.
